### DR. J. Y. PORTER HAS RESIGNED

(Continued From Page Five.)

The State Board of Health to feel that the people of the state unanimously appreciate and value Dr. Porter's work, as do the members of this board. It is believed that the sentiments of the people of the state of Florida are fully expressed by the following letter from the governor of the state of Florida to the president of this board:

Governor Broward's Letter.

"State of Florida, Executive Department, Tallahassee, Fla., Dec. 18, 1905.—Mr. E. M. Hendry, State Board of Health, Jacksonville, Fla.: Dear Sir:—I regret that you got away without my seeing you again. In regard to the matter of the State Health Officer, which was mentioned by you, I will say that I feel that the state of Florida has been very fortunate in having Dr. Porter in the position of State Health Officer for so many years; his successful work in Pensacola and Tampa during the present year goes to show that he is up-to-date, and that he is as great as the greatest of men in his line.

"I congratulate the State Board of Health upon their splendid work during the present year, and I feel that the people of Florida fully appreciate the splendid work rendered them by the State Board of Health, and by the State Health Officer and his aides. I am sure that no more competent corps grace official positions of similar character in any other state in the Union.

"With best wishes for another successful year's administration, I beg to remain yours very truly,

"N. B. BROWARD, Governor."

Thanks of the Board.  
The members of this board extend to Dr. Porter their personal, as well as their official, thanks and appreciation for his summer's work, and trust that the public will long continue to enjoy the services of one whose work they can ill afford to spare.

#### TUG UNCAS ARRIVES TO TOW HOUSEBOAT

The big naval tug Uncas, which has been expected in port for several days reached here yesterday, and will leave within a few days for Guantanamo with the naval houseboat in tow.

The houseboat has been at the navy yard for several weeks. It was formerly a coal barge, but was sent here to undergo repairs and arranged to accommodate a corps of engineers who are to survey a bay in the vicinity of Guantanamo. ### Amusements

#### "The Player Maid."

Florence Davis will present her comedy, "The Player Maid," at the opera house, matinee and night, as a Christmas attraction.

Plays of this sort are always welcome, as they tend to create merriment and never remind one of the sterner side of life. "The Player Maid" was first proclaimed at the Academy of Music in Baltimore last February, and was proclaimed successful from the start. It is a comedy of the higher order, in four acts, written by Louis Malloy and is magnificently costumed and equipped with elaborate scenic effects.

It is said to be a laugh producer of the first degree, combining as it does a plausible story told in the funniest manner imaginable, replete with wit, comical situations, and interpreted by Miss Davis and her excellent company, making in all a wholesome entertainment designed for intellectual theatregoers.

Too much cannot be said in favor of this style of play, because it educates as well as entertains and is something that one can enjoy and pleasantly remember.

Miss Davis and her company are making a tour of the south to last until February when they will go to the Hudson Theatre in New York for an indefinite engagement. Miss Davis has been praised for her gentle loveliness, her clever acting, her technical knowledge of the stage and for the elaborate costumes that she wears.

If you use Blue Ribbon Lemon or Vanilla Extracts in your Christmas desserts, the flavor will be absolutely perfect. Ask your grocer for Blue Ribbon Lemon or Vanilla Extract, and say it plain.
